

Let's do this together!

Main Street Enid, Inc. is a 501(c)3 non-profit whose mission is to revitalize our downtown and to strengthen its position as the heart of our city. We do this through the application of the four point approach comprised of Promotion, Design, Economic Restructuring and Organization. Downtown Enid's success is dependent on creating a thriving place for business, just as much as it is about being a place to "Shop. Dine. Be Entertained."
